Farmers are well up with their work and there is no complaint from them at this time. We cannot tell what the outturn of the crop will be, but the outlook at present is favorable. Text. "THE BARGAIN **HUNTERS**" CONTEST No. 12.

Many contestants are of the opinion that because their estimate shows a greater saving than these receiving the awards Uncle Eige has made a mistake. Such contestants should hear in mind that savings may be greater, but a violation of any of the conditions of the contest naturally lequardizes their opportunity.

Read the conditions carefully and increase your likelihood of becoming one of the successful contestants. The rule in once of a tie is:

### HOW TO GET THE AWARDS.

"The Bargain Hunters" contest is intended to develop the reader's skill as a shopper, just as if he or she were really buying the goods instead of merely making a selection from the advertisements. NO MORE THAN ONE ARTICLE OF ANY BARGAIN ADVERTISED SHOULD BE SELECTED; WHOLESALE BUYING OF ANY ONE THING WILL NOT BE CONSIDERED. Every article selected must be named specifically; the mere fact that "a dollar article" was bought for 50 cents will not be accepted.

### CONDITIONS OF THE CONTEST.

Republic Employes or Their Families Are Not Permitted to Enter This Contest.

Owing to the many ways in which a bargain can be stated it is difficult for Uncle Eke to devise general rules to cover all the specific cases which might cause doubt in the contestant's mind. So to guide those in this week's contest the following ruling is made upon generally questioned

Each contestant must spend the sup-posed \$5 to a fraction. Pach contestant must spend the supposed \$75\$ to a fraction.

No item will be considered that does not show a saving, even though it be 1 cent, to make up the even \$75\$.

In a single item or bargain quoting two or more articles or grades only one can be taken.

The quantity bought must be determined by the selling price—that is, if the selling price represents i yard, only 1 yard can be taken. If the selling price is for n quantity, that price must be taken. This is made necessary for the reason that no two might consider any number of yards, etc. practical. The following will explain:

134 grads Secth Axminster Filling, managany, was \$1.75 now \$5c.

In the above case only one yard can be taken.

Matting for \$5.50-High be taken.

15.00 Japanese Matting for 18.50-High stade. In choice carpet designs, in reds. bluza, browns and greens; regular price 115.00 per roll of 40 yards; our price for 115.00 per roll of 40 yards; our price for

Contestants may submit as many different estimates as they please, but under no circumstances will any person receive more than one award.

This applies to dress goods, laces, knives, forks, etc., etc.

In a range of prices for the value of goods with only one selling price the highest value may be taken, thus:

Reg. price Bar Price Saved 1 Book.

11.10 Sec. Sc. In a range of prices for both the value and selling prices the lowest worth price must be taken for the lowest selling price, and so on up, but only one can be taken from that item, Leather Belts, \$2.00, \$1.00, \$4.50...50c, 75c, \$1.50 in the above cases either price can be taken, but the corresponding selling price must be used, and then only one belt. | Reg. price Bar. In buying articles that are quoted as being worth \$2.00 a pair and relling for 50c each, the worth price must be halved to make the item admissible. In cases of ties for any of the awards the list having the great-est number of items purchased will determine the successful con-

If they all have the same num-ber of items, then the list re-ceived first will be entitled to the award.

All letters must bear the St. Louis postmant of not later than 12 o'clock noon Saturday of each week. Letters left at Republic office must be de-posited before 12 o'clock noon Satur-

day.
